

Handprint Flower Bookmark

Supplies you'll need:

- 1 Jumbo popsicle stick
- Green craft paint
- 2 Craft foam sheets (green + color)
- Scissors
- Liquid school glue

Instructions:

1. Paint all sides of the popsicle stick green and leave it for about ten minutes or until the paint is completely dry.
2. Pick your favorite color of craft foam sheet and trace your handprint on it.
3. Carefully cut out the handprint and set aside.
4. Take a green sheet of craft foam and **cut out an oval leaf** for your flower bookmark.
5. Put a few drops of glue on the top of the green popsicle stick and press the handprint on it.
6. Lastly, put a few drops of glue on the popsicle stick where you want to attach the leaf, press the leaf on it and let the glue dry. Your bookmark is done!

Tip: You can trace someone else's handprint and make them their own bookmark! Try different flower colors and leaf shapes to have a unique bookmark for all your favorite books.
